

Canada Protection Plan™

Product & Underwriting Guide

Product & Underwriting Guide as of October 2016
Subject to change without notice

Who are your potential clients?

Declined, Rated or Postponed

Canada Protection Plan does not ask if your client has ever been declined, rated or postponed. Your clients could qualify for our best no medical plan for up to \$500,000 coverage.

For those who do not want to go through traditional underwriting

Your client may be healthy but would like to avoid the lengthy process of traditional underwriting. Your clients can get reliable coverage fast, with NO medical exams.

Final Expenses

Your client may be looking to cover the cost of a funeral or to ensure that any outstanding debts are paid for. Canada Protection Plan can offer these clients a very affordable solution to cover their final expenses.

Millennials

Your client is a young professional and lives a busy life. They are just starting a new family or perhaps have bought a new home and are looking for a simple and fast application process with reliable coverage for up to \$1 million.

People with Serious Illnesses

Your client may be uninsurable due to serious illness or other risk factors. Canada Protection Plan can offer your client coverage up to \$25,000, guaranteed with no medical required.

Base Plan	Best Suited For People Who Have	Issue	Minimum	Maximum
■ CPP Guaranteed Acceptance Life	Guaranteed insurability regardless of health conditions. Coverage up to \$25,000. The full coverage amount is payable if death occurs after two years or at any time if cause of death is accidental.	18 – 60 61 – 75	\$10,000 \$5,000	\$25,000 \$25,000
■ CPP Deferred Life	Serious health conditions. Coverage up to \$75,000. The full coverage amount is payable after two years. If cause of death is accidental, the full coverage amount is payable at any time.	18 – 60 61 – 80	\$10,000 \$5,000	\$75,000 \$50,000
■ CPP Deferred Elite	Less serious health conditions. Coverage up to \$350,000. If death occurs during the second year and is due to non-accidental means, 50% of the coverage amount is payable. The full coverage amount is payable after two years. If cause of death is accidental, the full coverage amount is payable at any time.	18 – 60 61 – 80	\$10,000 \$5,000	\$350,000 ¹ \$350,000 ¹
■ CPP Simplified Elite	Relatively good health or engages in extreme sports. Coverage up to \$500,000. Coverage starts immediately.	18 – 60 61 – 80	\$10,000 \$5,000	\$500,000 ¹ \$350,000 ¹
▣ CPP Preferred	Good health for those who want a fast and simple application process. Coverage up to \$1 million. No Medical required for up to \$500,000 and issue age up to 70. Coverage starts immediately.	18 – 80	\$50,000	\$1,000,000 ¹
■ CPP Preferred Elite	Good health for those who want a fast and simple application process at our lowest rates. Coverage up to \$1 million. Coverage starts immediately.	18 – 80	\$500,000	\$1,000,000 ¹
▣ CPP T100	Available as Deferred Elite, Simplified Elite, Preferred and Preferred Elite.	18 – 80	\$25,000 ²	Maximum depends on age and plan – see above

■ No Medical Required ▣ May be subject to Underwriting ■ Subject to Underwriting

Base Plan or Rider (available as Deferred Elite, Simplified Elite, Preferred and Preferred Elite)	Issue	Minimum	Maximum
10 Year Term	18 – 70	\$25,000 ²	Maximum depends on age and plan – see above
20 Year Term	18 – 60	\$25,000 ²	
25 Year Term	18 – 55	\$25,000 ²	
25 Year Decreasing Term	18 – 60	\$25,000 ²	
Rider Only	Issue	Minimum	Maximum
Accidental Death Benefit	18 – 65	Lesser of one times coverage and \$10,000	Lesser of five times coverage and \$250,000
Child Term Benefit	18 – 60 (parent)	\$5,000, \$10,000 or \$15,000	
Hospital Cash Benefit	18 – 65	\$25/day, \$50/day or \$100/day	

¹ Maximums shown are for combined coverage under all Life and Term policies of same Plan category.

² Minimum is \$50,000 for a Preferred term plan or rider or a Preferred Elite term rider, and \$500,000 for a Preferred Elite term plan.

Policy Change Requirements

Change	Requirements
Add a new rider (Accidental Death Benefit and Hospital Cash Benefit)	For all ages and amounts: Application for Change to an existing Life Insurance Policy
Child Term Benefit Changes (the child of the Insured must be a between the ages of 30 days and under 18) » Add a Child Term Benefit » Add a child to an in force Child Term Benefit » Increase Child Term Benefit	For all ages and amounts: » Application for Change to an existing Life Insurance Policy » Child Term Benefit (CTB) questionnaire
Child Term Benefit Conversion	» Child Term Conversion Application Form » The conversion must take place at any time after the Insured Child's twentieth (20th) birthday, but no later than the Insured Child's twenty-first (21st) birthday
Reinstatement: » Lapsed within the last 3 months » Lapsed for more than 3 months	» Reinstatement Request — Short Application » Reinstatement Request — Long Application

Change	Requirements
Change to Non-Smoker	<p>For all ages and amounts: Application for Change to Non Smoker Rates: The insured must have stopped using any substance or product containing tobacco, nicotine (excluding cigars), for the previous twelve (12) consecutive months. Applicants who have used marijuana, other than through oral ingesting, more than four (4) times per week will not be considered for non-smoker rates.</p> <p>For Preferred Elite Rates: The insured must have stopped using any substances containing tobacco, nicotine, including cigars or marijuana in any form for the previous twenty-four (24) consecutive months. Application for Change to an existing Life Insurance Policy.</p>

Term Policy or Term Rider Conversion (subject to Plan minimum and Issue Ages limits) — Not applicable on 25 Year Decreasing Term	<p>Term Conversion Application Form: No sooner than 60 days prior to the 2nd policy anniversary. The conversion must occur prior to the Policy Anniversary nearest the Insured's seventieth (70th) birthday.</p>

Age And Amount Requirements - Preferred & Preferred Elite Plans Only

It is the Advisor's responsibility to order the routine age and amount requirements based on the table.

In determining eligibility for insurance, Foresters Life Insurance Company reserves the right to consider risk characteristics other than those mentioned in the questions in the application.

Application and Amount

The total of all Canada Protection Plan Simplified/No Medical Life Insurance pending and/or issued in the last 12 months is to be taken into consideration for the purpose of determining the Age and Amount Requirements as listed.

Attending Physician's Statement (APS) Guidelines

We reserve the right to request an APS.

Diagnostic Testing

This excludes any genetic testing results.

Preferred	18-70	71-80
\$50,001 to \$500,000	NM	PM + BCP
\$500,001 to \$1,000,000	PM + BCP	PM + BCP

Preferred Elite	18-70	71-80
\$500,000 to \$1,000,000	PM + BCP	PM + BCP

NM: Non-Medical | **PM:** Paramedical | **BCP:** Blood Chemical Profile

* For Preferred Elite a Paramedical and Blood Chemical Profile are required in all cases.

Preferred Elite Underwriting Criteria

	Preferred Elite Non Smoker		Preferred Elite Smoker	
Tobacco	No tobacco in the last 24 months (includes no nicotine products, marijuana and no smoking cessation products, vaping and electronic cigarettes)		Chewing tobacco, cigarettes, pipes, cigars, marijuana in any form	
Blood Pressure Equal to or less than:	<=Age 45	140/90	<=Age 45	140/90
	Age 46 to 80	150/90	Age 46 to 80	150/90
Cholesterol Equal to or less than:	<=Age 45	220/5.5 C or 5.7/5.5 IU	<=Age 45	220/5.5 C or 5.7/5.5 IU
	Ages 46 to 80	240/6.0 C or 6.2/6.0 IU	Ages 46 to 80	240/6.0 C or 6.2/6.0 IU
Family History	Maximum 1 family history of a diagnosis or death from Heart Disease, Cancer or Stroke in parents or siblings prior to age 60.		Maximum 1 family history of a diagnosis or death from Heart Disease, Cancer or Stroke in parents or siblings prior to age 60.

- Watermark

Foreign Travel

Any planned travel in the next 12 months that is less than 12 consecutive weeks is insurable for all plans except Preferred Elite.

In circumstances that exceed 12 consecutive weeks, please consult underwriting.

Telephone Verification

A Third Party verifier may call the Insured and/or Owner of the policy to verify all information obtained with the application for insurance.

The phone call is recorded.

Preferred and Preferred Elite Plans: Telephone verification will be waived if a paramedical is required.

Children

Eligibility for Child Term Benefit

Each natural or adopted child of the Life Insured that is:

- at least 30 days old but less than 18 years old and is specifically designated in the insurance application, and
- at least 30 days old but less than 18 years old and is born or adopted after the effective date of this rider.

A child born to or legally adopted by an insured person while this rider is in effect is automatically covered from the age of thirty (30) days upon written request advising us, while the child is alive, of the child's name and date of birth. The premium for this rider does not change when additional children are insured.

Actual Age

When completing the questions on the Application Form, the Applicant's actual age is used.

Replacements

Please complete replacement forms for internal and external replacements at the time of application.

Backdating

No backdating is allowed for Guaranteed Acceptance Life, Deferred Life and Deferred Elite.

Backdating of issue date for Simplified Elite, Preferred and Preferred Elite is up to 6 months from the date of underwriting approval. Additional premiums will be required at issue to cover the premiums payable over the backdated period.

We are unable to backdate if the person is older than the maximum issue age. (For example we cannot backdate an 81-year-old to age 80 if the maximum issue age is 80.)

Smoking Status For All Plans Except Preferred Elite

Smoker definition: Applicants who have used any substance or product containing tobacco, nicotine (excluding cigars), within the past 12 (twelve) months will be assessed as smokers.

Applicants who have used marijuana, other than through oral ingesting, more than 4 times per week in the previous 12 months will be considered a smoker.

Oral ingesting refers to the use of marijuana other than by inhaling or smoking.

Smoking Status for Preferred Elite

Applicants who have used by any means, (including electronic vaporizer or “vaping”) a substance or product containing tobacco, nicotine including cigars or marijuana in the previous 24 months.

Insurance Age

All products use age nearest birthday for determining premiums.

Permanent Residents

- Applicants must be Canadian Citizens or Landed Immigrants
- Applicants who have applied for Canadian Residency Status but have not yet received their Landed Papers will not be considered for insurance
- Applicants with a valid work permit will be considered for face amount up to a maximum of \$250,000

Validity of Documents (Preferred and Preferred Elite Plans)

Time Frame for Requirements

- A paramedical can be used for underwriting purposes for a period up to 6 months, however the policy must have been issued and the first premium received within that time
- A paramedical older than 90 days will require a Declaration of Good Health (DOGH) on delivery
- Lab results (Blood Chemical Profile) can be used for underwriting purposes for a period up to 6 months

Medical Impairments

Condition	Definition	Timeframe, Factors and Details	Policy Eligibility	Refer to App
A AIDS/HIV Positive or any AIDS related disease	AIDS: Acquired Immunodeficiency Syndrome HIV: Human Immunodeficiency Virus	» HIV positive » AIDS	» Guaranteed Acceptance Life	» Section A Question 7
Alcoholic hepatitis	Inflammation of the liver caused by excessive alcohol use.	» Have you had, been told you have or been treated for within past 12 months	» Deferred Life	» Section B Question 1D
Alcoholism	The compulsive and uncontrolled consumption of alcohol, which leads to health issues.	» Within the past 12 months have you been a resident of a drug or alcohol facility » Within the past 3 years » Over 3 years » Over 5 years	» Guaranteed Acceptance Life » Deferred Elite » Simplified Elite » Potentially Preferred	» Section A Question 10 » Section C Question 2
ALS (Lou Gehrig's Disease)	Also known as Lou Gehrig's disease, it is a rapidly progressive and fatal condition that attacks the nerve cells responsible for muscle movement and the brain. This condition is not curable and will lead to respiratory failure within three to five years.		» Guaranteed Acceptance Life	» Section A Question 8C
Alzheimer's Disease	The most common form of dementia. The symptoms include difficulty with thinking and judgment (cognitive skills), language and memory.		» Guaranteed Acceptance Life	» Section A Question 8C

Condition	Definition	Timeframe, Factors and Details	Policy Eligibility	Refer to App
Aneurysm	Abnormal dilation of a portion of an artery. Common locations: aorta, brain, intestines, leg, thorax, spleen. Brain (cerebral) aneurysm is a common disorder resulting from the widening or ballooning of part of a brain artery. It can be congenital or caused by pre-existing conditions (atherosclerosis) and, rarely, a head injury. Rupture of the aneurysm is life-threatening.	<ul style="list-style-type: none"> » Under age 40 » Over age 40 	<ul style="list-style-type: none"> » Guaranteed Acceptance Life » Simplified Elite 	<ul style="list-style-type: none"> » Section A Question 9
Angina	A symptom of coronary artery disease. Due to atherosclerosis, the heart is not getting enough blood causing chest pain or discomfort. Angina is NOT a heart attack.	Have you had, been told you have or been treated: <ul style="list-style-type: none"> » Under age 40 » Within 12 months » In combination with diabetes » Within 3 years and age 54 and under » Within 2 years and age 55 and over » Other than above 	<ul style="list-style-type: none"> » Guaranteed Acceptance Life » Deferred Life » Deferred Elite » Deferred Elite » Deferred Elite » Simplified Elite 	<ul style="list-style-type: none"> » Section A Question 9 » Section B Question 1 A » Section C Question 7 » Section C Question 4A » Section C Question 4B
Arteriosclerosis	A formation of fatty material or plaque on the wall of the arteries which make them narrow and prevent a normal blood flow.		<ul style="list-style-type: none"> » See Coronary Artery Disease (CAD) or Stroke 	
Arrhythmia and heart murmur	Any disorder of the heart including but not limited to, atrial or ventricular, tachycardia, fibrillation, or flutter.		<ul style="list-style-type: none"> » Simplified Elite 	
Autism	Autism Spectrum Disorder is a serious neuro developmental disorder that impairs a child's ability to communicate and interact with others. It also includes restricted repetitive behaviors, interests, and activities. It includes, but is not limited to, Autism, Asperger's syndrome, and Rett syndrome.	<ul style="list-style-type: none"> » Over age 18 only Provided they are able to answer all questions on the Application form and able to legally enter into a life insurance contract.	<ul style="list-style-type: none"> » Simplified Elite 	

Medical Impairments

Condition	Definition	Timeframe, Factors and Details	Policy Eligibility	Refer to App
B Basal Cell Carcinoma	A slow-growing type of non-melanoma skin cancer. This is the most common form of skin cancer. Most of these cancers are the result of regular exposure to the sun and ultraviolet radiation.	» Excluded from cancer questions	» Simplified Elite » Potentially Preferred	
Bipolar Disorder/Manic Depression	A category of mood disorders characterized by mood swings. The patient will alternate states of abnormally high energy levels and episodes of depression. The other term is manic depression.	Have you ever had, been told you have or been treated: » Within the past 12 months	» Deferred Elite	» Section C Question 1
C Cancer	Cells of an organ or tissue become abnormal (malignant) and grow uncontrollably, forming a mass or tumor. Some tumors remain localized (they only grow at the site where they began); others become metastatic (they invade the tissues next to the site where they began and spread to other parts of the body).	» Within the past 10 years have you had a metastatic cancer or more than one occurrence of cancer » Within the past 12 months » Within the past 3 years have you been treated for or diagnosed with any of the following cancers: lung, colon, breast, uterine, malignant melanoma, leukemia, lymphoma or multiple myeloma » For all other cancers over 12 months except the above	» Guaranteed Acceptance Life » Deferred Life » Deferred Elite » Simplified Elite	» Section A Question 8A » Section B Question 1E » Section C Question 8 » Section D Question 2
Cardiomyopathy (Enlarged Heart)	The weakening of the heart muscle which takes place when the pumping of the heart gets weak. A person who suffers from cardiomyopathy is most likely suffering from heart failure.		» Guaranteed Acceptance Life	» Section A Question 8D

Condition		Definition	Timeframe, Factors and Details	Policy Eligibility	Refer to App
	Cerebral Palsy	A group of permanent movement disorders that appear in early childhood.	» Provided they are able to answer all questions on the Application form and able to legally enter into a life insurance contract.	» Simplified Elite	
	Chronic Kidney Disease	The slow/gradual loss of kidney function (to remove waste and excess water from the body).	Have you ever had, been told you have or been treated: » Under age 40 » Within the past 12 months	» Guaranteed Acceptance Life » Deferred Life	» Section A Question 9 » Section B Question 1C
	Chronic Obstructive Pulmonary Disease (COPD) And Chronic respiratory Disease (excluding Asthma)	One of the most common lung diseases, in which the lungs have become permanently damaged and the airways are always narrowed. There is NO cure for COPD. The two forms of COPD are chronic bronchitis and emphysema.	» Requires the continuing administration of Oxygen Have you had treatment or surgery for or been diagnosed as having: » Within 3 years and age 54 or under » Within 2 years and age 55 or over	» Guaranteed Acceptance Life » Deferred Elite » Deferred Elite	» Section A Question 8B » Section C Question 4A » Section C Question 4B
	Cirrhosis	The final stage of chronic liver damage (hepatitis C or longstanding alcohol abuse). Liver damage from cirrhosis cannot be reversed.	» Have you ever had, been told you have or been treated within the past 12 months	» Deferred Life	» Section B Question 1D
	Congenital Heart Disease	A problem with the structure and function of the heart that is present at birth, such as, but not limited to, atrial or ventricular septal defect and disorder of the valves.	» Over age 18 only	» Simplified Elite	
	Congestive Heart Failure	A chronic and irreversible condition in which the heart can no longer pump enough blood to all parts of the body. As a result, the person is likely to experience swelling (legs, ankles, foot, abdomen) and/or experience a pulmonary edema (excess of fluid in the lungs).		» Guaranteed Acceptance Life	» Section A Question 8D

Medical Impairments

Condition	Definition	Timeframe, Factors and Details	Policy Eligibility	Refer to App
